Description

Vox Method: Training the Voice is a groundbreaking compendium of techniques designed to establish a clear and tangible approach to building the voice. The book and its accompanying DVD provide professional voice users what they need most - an approach to training that offers concrete technique and real tools that lead to genuine results.

The method is rooted in learnable, measurable and repeatable skills that can be objectively assessed, corrected and drilled to become the foundation of an automatic vocal technique. With technical mastery as its essence, the Vox Method will revolutionize the teaching of voice and become a precious resource for actors, singers, theatre educators and professional voice users from all walks of life.
